

VII SEMENGO: CALL FOR PAPERS

Dear Colleague,

We are pleased to announce VII SEMENGO (Seminar and Workshop in Ocean Engineering) (<http://www.semengo.furg.br>) to be held in November 23th-25th, 2016 in Rio Grande, Rio Grande do Sul, Brazil.

Authors are kindly invited to submit papers up to August, 15th. SEMENGO is one of the most important events in Brazil in the area of ocean and coastal engineering. Scientists and engineers from all over the world are encouraged to attend the conference.

The main areas of interest of conference are: Coastal Engineering (Coastal Structures and Equipment, Port Structures and Equipment, Coastal and Estuarine Process), Ocean Engineering (Ocean Structures and Equipment, Renewable Energy from the Sea) and Renewable Energy (Solar, Wind, Hydropower and others).

The paper must contain up to 10 pages and must be written in English or Portuguese languages. The template for written the paper is available on the website of the congress.

The outstanding papers will be selected for publication in journal papers to be defined by organizing committee and will be presented as soon as possible in the website of conference.

Several reasons are given to join the conference, an important forum of discussion in ocean and coastal engineering waits for you. People are also invited to enjoy the seaside city of Rio Grande, with several tourist places. We are looking to see you next November in Rio Grande!

Sincerely Yours,

Elizaldo Domingues dos Santos
Chairman

Organizing committee of VII SEMENGO
